CARR and OTHERS FALL PROGRAM and SALE OCTOBER 15 & 16, 2021

AGENDA

FRIDAY, OCTOBER 15

12:00 Noon - 10:30 PM

Viewing of sale cattle and donation lots

1:30 PM - ±5:30 PM

EDUCATIONAL PROGRAM

TOPICS & SPEAKERS

- Dr. Joe Outlaw** – Professor & Extension Economist – Texas A&M AgriLife Extension
Title: Minimizing Adverse Impacts from New Government Regulations, Taxes and Policies
Scope: Identification of the more important new regulations, taxes and tax changes and policies and advise how cattle raisers can minimize adverse impact from them.
- Dr. Dan Hale** – Associate Director of Ag & Natural Resources – Texas A&M University
Title: Beef Production Sustainability
Scope: Beef sustainability with particular attention given to the cow/calf section and some consideration given to the impact of fake meat or manufactured meat and new governmental regulations, taxes and policies.

BREAK

- Dr. Joe Paschal** – Professor & Extension Livestock Specialist – Texas A&M AgriLife Extension
Title: Achieving and Retaining More Pregnancies
Scope: For each heifers, cows and bulls discuss body scores, nutrition, all medications, tract evaluations of females, BSEs and libido of bulls and short- and long-term impacts of the long February freeze. Once pregnancies achieved discuss everything that should be done to avoid abortions during all parts of the pregnancy period.
- Benny Martinez** – Range & Pasture Specialist – Corteva Agri Science
Title/Scope: New Products and Techniques for Control of Unwanted Vegetation. Including Corteva's new LandVisor technology to better determine if and when to spray herbicide. (2 CEUs)
- Lance Bauer** – Director of Breed Improvement and Western Field Representative – Beefmaster Breeders United
Title: Trait Selection Prioritization for Beefmaster Cattle
Scope: List and elaborate

5:45 PM - 6:30 PM
Mariachi music and refreshments

6:30 PM

Dinner

6:30 PM - 9:00 PM
Traditional Country music by
Darrell McCall & Justin Trevino

SATURDAY, OCTOBER 16

7:00 AM - 9:00 AM

Breakfast tacos, milk, etc.

10:00 AM

Sale

Lunch following sale

**ALL EVENTS TO BE HELD AT
CARR CATTLE SALE FACILITY**

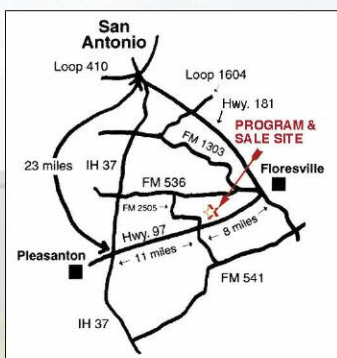

8 miles west of Floresville, Texas
(6720 Highway 97 West)

**Offering Approximately 90 Lots
Consisting of ±60 Seedstock Lots:**

- Fall Calving Heifers
- Spring Calving Heifers
- Pairs and 3-in-Ones
- Open Heifers

Dear Beefmaster Breeders,

You are all personally invited to our Carr and Others Fall Program and Sale on Friday afternoon 10/15/21 and Saturday morning 10/16/21 at our Wilson County Division eight miles West of Floresville, Texas, on Highway 97 in our comfortable cattle sale facility.

Our objective in conducting this sale event is not only to provide the opportunity to buy quality, functional cattle from eight long standing programs that have earned numerous awards over the years, but to educate, entertain, provide some good meals and an opportunity to socialize in a very comfortable environment.

Our seedstock guest consignors this year will be:

Hans & Mary Ann Wittenburg
Billy & Marie Welkener
Bob & Bonnie Siddons
Tony & Karen Psencik
Tyler & Wesley Gwosdz

Plus immediately following the sale of the seedstock cattle we will sell in small groups approximately 35 E6 (type) bred and open heifers from us, the above named guest consignors and Nolan Ryan and Rancho Dos Vidas.

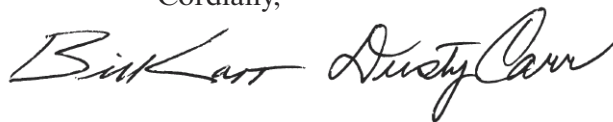

With the current status of national and international issues I think our Friday afternoon educational program this year will be very beneficial to any cattle raiser. You are encouraged to review the topics and speakers to be in this program as well as other details of this event on the agenda page contained in this catalog just on the inside of its front cover.

Live bidding will be available through DV Auction for those not able to join us at the sale facility and free hauling for foreign buyers will be provided to Texas departure points. See the catalog for further details or contact the sale managers, me or Jon Garza, Director of International Programs for BBU, for further details.

Our sale facility will have been professionally cleaned and sanitized shortly before this event. Plenty of hand sanitizers, extra masks and related items will be readily available.

We will do everything reasonably possible to satisfy you with your purchases.

Cordially,

Bill & Dusty Carr

H I L L T O P R A N C H

BEEFMASTERS

A LITTLE ABOUT OUR OPERATION

We own and operate ranches in Webb, Wilson and Kendall Counties, Texas, aggregating approximately 14,500 acres. In addition to our purebred Beefmaster cattle we maintain 300 to 400 females used as recipients at our Webb and Kendall County ranches. Those recipients on the Webb County ranch are mainly F1 Braford's and those on the Kendall County ranch are mainly Black Baldies. The F1 Braford's see Angus bulls and the Black Baldies see Beefmaster bulls after receiving embryos or failing to qualify for embryos. The resulting natural service calves from BOTH the Webb and Kendall County recipients are 3/4 Bos Taurus and 1/4 Bos Indicus making a very desirable feeder calf after grown to an appropriate feedlot weight on our winter pastures. We have recently grown our recipient herd and increased the number of donors we are flushing and expect to be producing more top quality embryo cattle very soon.

Our purebred Beefmaster females are synchronized, and if heat detected, A.I.'ed and then broken into various groups and exposed to one bull. Our weaned, Spring born replacements are developed on oats and Bermuda grasses at our Wilson County Division and are there weighed at various stages, classified, sonogrammed and have pelvis measured. We have a vet. do sonogram pregnancy determinations on all of our A.I.'ed and natural service exposed females to determine with certainty whether females we sell as bred are pregnant to the A.I. bull or to the clean-up bull.

We have frequently retained ownership of and feedlot fed at least a truck load of our purebred Beefmaster steers obtaining feedlot performance and individual carcass data on them. Our cattle, and I think the Beefmaster breed as a whole, are very efficient in the feedlot as they gain rapidly, convert feed efficiently and provide acceptable carcasses. With good health, that kind of feedlot performance will usually be more profitable than selling intact culled bull calves at weaning and will provide valuable carcass information.

Research has shown, and our experience has confirmed, that Beefmaster females with reasonable genetics and nutrition will have pelvic growth from yearlings to two year olds of 8 to 10 square centimeters per month and will require approximately 3 square centimeters of pelvic area per pound of calf born to avoid calving problems from pelvic size. To get maximum lifetime production out of our cows they need to begin calving around two years of age. To calve as two year olds, adequate pelvic size is critical and is one of the objective evaluations we take and utilize along with tract evaluations before breeding our yearling heifers.

See the footnote for Classic Cotton semen in this catalog for more information about our approaches to meaningful data collection.

Two of our young herd sires that are bred to and/or are the sire of some of our sale heifers are pictured below. We believe that their unique combination of phenotype, genetics and performance will make meritorious contributions to the breed.

**JT Prince 58 - Vision X Madam Secretary
Sire of lot 38
Bred to lot 2**

**4C Impact 14/15 - The Legend 30/1 X 4C 980/7 (Classic Cotton x Miss Dusty 45/7) - \$T Index: 121.40 (Top 3%);
\$M Index: 24.47 (Top 10%)
Sire of lots 14, 18 and 40
Bred to lots 5 and 10**

Semen available from each bull SALE DAY for \$50.00 per straw - collected and stored at Elgin Breeding Service.

DONATION LOTS

This year as done in the past ten consecutive years with the exception of the pandemic year of 2020 we are offering two donation lots with all of the proceeds of one going to the Beefmaster Education Endowment Foundation (B.E.E.F.) for Beefmaster research and with all of the proceeds of the other going to the Beefmaster Cattlemen to provide scholarships for our J.B.B.A. members.

This year's donation lots are by renowned artists Kenneth Wyatt and David Graham

All proceeds to B.E.E.F.

COWBOY CHURCH by Kenneth Wyatt

“The cowboy of the west didn’t get to town too often but most of them, when they did, brought a clean shirt and got to church at least a couple of times a year. Many of them came, as boys, from homes where the Lord was taught and that alone would lead them back on occasion, however, just working and living in God’s great outdoors did it too”

—Kenneth Wyatt

Kenneth Wyatt was a Methodist minister and artist of over 8,000 paintings hanging all over the world recently died in his eighties.

All proceeds to Beefmaster Cattlemen for J.B.B.A. Scholarships

LEARNING THE ROPES by David Graham

“The good teacher explains.
The superior teacher demonstrates.
The great teacher motivates.”

David Graham is an emerging western and wildlife artist whose depictions of the west spring to life through his creations on canvas. David was born in Miles City, Montana during the time his family was operating a ranch in the Powder River area East of Miles City.

Today David lives in Billings, Montana. When he is not at the easel he is enjoying the great outdoors that Montana has to offer. He looks forward the most to his time spent gathering research material.

He is perpetually swept away by the beauty of God’s creation. He feels blessed to be able to share what he has seen and experienced. It is his goal that others may experience the same enjoyment through his art.

Dear Beefmaster Breeders and Others,

Welcome to Bill and Dusty Carr's Beefmaster Production Sale. Over the past years, breeders have come to expect the best in quality seedstock Beefmaster cattle, and true South Texas hospitality.

Over the past several decades there have been several individuals who have truly made a difference in the Beefmaster breed. I would argue that none have been more important to the association, or to the breed of cattle, than Bill and Dusty Carr. The Carr's have been awarded every prestigious award this association has, including "Breeder of the Year," and "Hall of Fame," they have been deserving of all as they have given so much of themselves.

The 2021 sale offering, bigger than ever - 93 total lots:

•64 lots of true seedstock cattle. Lots 1 through 40 are bred and produced by Bill Carr. These cattle are measured, tested, and measured again using proven genetics such as Classic Cotton and Cornerstone (both Pacesetter and Typesetter sires), Painted Tiger, Miss Dusty and many other elite bloodlines. These cattle are loaded with pedigree and performance, the best of the best!

Bill Carr: 20 Spring Calving Heifers
 6 Yearling Open Heifers
 3 Herd Sire Prospects
 6 Fall Calving Heifers
 5 First Calf Three-In-Ones (First calf at 24 months of age and bred back)
 7 Registered Spring Calving Bred Heifers (Bred to Black Angus bulls)

Guest Consignors: 12 Three-In-Ones & Pairs
 9 Bred & Calving Heifers
 5 Open Heifers
 1 Pick Of Open Heifers
 15 Bred E6 Heifers
 14 Open E6 Heifers

Guest consignors:

The Wittenburgs, Psenciks, Siddons, Welkeners, and this year we welcome Tyler and Wesley Gwosdz all come from the top of their herds.

This includes the strongest group of three-in-ones and pairs, with big, stout weaning size calves at side.

The bred heifers are extremely well bred to the newest exciting sires.

The open heifers are fancy and carrying the newest and best genetics available.

This year at the conclusion of the seedstock sale, we will sell 29 head of bred and open heifers in groups of 2's and 3's. Please see the catalog and video for complete information. These heifers are from Bill Carr, Tony Psencik, Bob Siddons, Rancho Dos Vidas and Nolan Ryan.

While reviewing this catalog, note that Bill Carr and the others have provided us so much meaningful, factual, and useful data to aid in your selections. All performance weights, sonograms, pelvic area measurements, classifications, and EPD's are up to date and included.

The information provided on these cattle will be as complete as you will find anywhere. Please call for questions or information. I look forward to seeing you.

Sincerely,

Anthony J. Mihalski

CONSULTING & MARKETING

Dear Beefmaster Breeders,

Bill and Dusty Carr along with Others have assembled a tremendous opportunity for you at the **Carr and Others Fall Sale to be held at the Wilson County Division of 4C Beefmasters**. Make plans now to join us Friday to evaluate the sale offering, be supremely informed at the afternoon program and for the festivities in the “social room” including supper, mariachis and a live western band and then **Saturday October 16th** for the **Carr and Others Fall Sale**.

Bill and Dusty have established a tradition of selling only 4C branded cattle. These are the individuals that have passed all of the objective observations and evaluations applied by Bill. These individuals are selected for the sale because they are of the quality demanded by Bill to stay in his herd so they definitely will work in yours.

Youth, Visual Quality, Consistent Performance, Predictable Genetics are all being offered not only by 4C but also every “Other” consignor. The 4C sale offering includes **Herdsire Prospects** that are ready for heavy service and exhibit the desired combination of proven consistent performance and predictable genetics that are proven to be superior producers. **First Calf 3n1's** that calved as two-year-old with AI calf and bred back to have another calf in 12 mos. and they have the high-quality product at side you are looking for! **Fall Calving Heifers** that are heavy bred and ready to show you what they can do immediately. This group represents the quickest opportunity to your next payday and makes them a favorite to everyone every year. **Spring Calving Heifers** that have it all, predictable genetics, proven performance, exquisite visual quality and a great calf building in the belly from either AI service or high quality clean up bulls. **Open Heifers** that have been specially selected for this sale offering because they carry the same assets and are ready to go home and breed. **Add in the quality of the “Other” consignments** and this sale offering will impress any Beefmaster breeder and confirms your reasons for making sure you join us and take home your own selection! New to this year will be 30-40 E6 type bred and open heifers that will be the kind you want to own!

So, all in all this sale offering consists of the individuals that will help you produce a better Beefmaster product and the breeders offering them have earned reputations that are second to none. These breeders have been planning this sale since last year and they are all serious about your future Beefmaster success.

All the contact numbers are listed, the sale DVD is available, the sale will be broadcast live on DV Auctions and you can reach me sale day in my “soundproof box” to help you with purchases or selections. So, remember if myself, Anthony or Mike can be of any assistance in making selections or purchases do not hesitate to contact us.

See you in Floresville!

Sales & Service

P.O. Box 304 • Franklin, GA 30217
979-229-6563 • threeg1990@yahoo.com

Dear Beefmaster Breeders,

It is with great pleasure and anticipation that we welcome you to the Carr & Others Fall Sale, October 15 & 16, 2021 at the Carr Sale facility in Floresville, TX.

The weekend will start on Friday as we will have an educational program from 1:30 to 4:30. Five speakers will speak on various topics important to our life style. Be sure and attend.

Friday night as always Bill and Dusty will host a great meal and entertainment at the sale facility. It's a wonderful time for all.

Saturday's Sale will sell cattle from Bill and Dusty Carr, Hans, Joe and Mary Ann Wittenburg, Billy and Marie Welkener, Bob and Bob Siddons, Tony and Karen Psencik, and Tyler and Wesley Gwosdz. Immediately after the purebred sale we will offer 35-40 E6 type open and bred heifers from Nolan Ryan and Rancho Dos Vidas.

This year's offering is again full of the South Texas raised cattle with an abundance of quality and youth. Some of the sires represented will be from Knockout, Galveston, Classic Cotton, The Legend, Fusion, Scarlet's Pride, Benchmark, Revolution, N-Sync, Masterpiece, Sugar Britches, French Connection, Logan, Impact, Brock, Prince, and Black Jack. This will give you the buyer a perfect opportunity to enhance your breeding program with a quality product that has sale ring value built in.

Bill and Dusty are wonderful breeders and hosts. They always make sure you will be comfortable, fed and go home with a guaranteed product.

If myself, Anthony Mihalski or Bruce Robbins can help you in any way, please contact us. The sale will also be available to view and bid live sale day on DVauction.

See you in Floresville, October 15/16.

Sincerely

A handwritten signature in black ink, appearing to read 'Mike Green', written over a white background.

3G Sales & Consultation

SPRING 2021 CALVING HEIFERS

To get a maximum lifetime production out of our cows they need to begin calving around two years of age. To calve as two year olds, adequate pelvic size is critical and is one of the objective evaluations we take and utilize before breeding our yearling heifers. All 20 of our heifers in this section were bred as yearlings and are scheduled to calve close to two years of age. They will start calving mid February to early March. We have a vet. do sonogram pregnancy determinations on our A.I.'d and natural service exposed females to determine with certainty whether females we sell as bred are pregnant to the A.I. bull or to the clean up bull, and in so doing at the appropriate time, the sex of some of the carried calves can be determined.

While BBU has only recently established an age at first calf EPD our program has for many years involved breeding our heifers to calve at approximately two years of age. Not all Beefmaster or Brahman influence heifers can or should be bred as a yearling to calve as two year olds. Some are not yet cycling and some do not have adequate pelvic size. However, those that so qualify and do we consider among our most valuable females.

Lot 1

4C 804/0 - Knockout X Special Appeal
Safe with a C.J. Revolution heifer calf from conception on first A.I. to calve on or about 11 days after her second birthday. This heifer is polled and was sonogramed to have 5.50% IMF.

FIRST CALF THREE-IN-ONES

Young first calf three-in-ones are a valuable category in any cow-calf operation. Their fertility is confirmed by the best evidence possible. All of the first calf three-in-ones offered here calved close to two years of age and bred back to calve again close to three years of age. We are only parting with five of these first calf three-in-ones in this offering.

Lots 25 & 25A

Lot 25 - 750/9 [N-Sync X 595/4 (Classic Cotton x Miss Dusty)]. Safe to 4C 24/19 - Lot 33 bull [Galveston X CF 380/2 (Capt. Sugar X CF Chocolate Tiger)]; Lot 25A - 872/1 by 4C 70/17 [Knockout X CF 380/2 (Capt. Sugar X CF Chocolate Tiger)].

FALL 2021 CALVING HEIFERS

While nearly all of our cattle are bred to calve in the spring, we breed a few heifers each year to calve in the fall to enable us to offer some fall calvers in our October sales.

HERD SIRE PROSPECTS

This year we are offering three two year old herd sire prospects. We feel that in growing these bulls to this age we can offer them with greater confidence of their potential meritorious contributions. Semen evaluations in the recent official BSE's on these bulls show EACH of them to have very good semen quality.

YEARLING OPEN HEIFERS

All of these heifers were born in the Spring of 2020 and grown only on forages. A variety of genetics are offered in these heifers. All of them were intentionally kept open to enable us to offer open virgin heifers this time of year. All of these are ready to breed as soon as it fits your program. All were cycling in late August.

CLASSIC COTTON SEMEN

It is our belief that confidence in selling and buying cattle grows with the extent of existing evaluations of the genetics involved. It is with this philosophy and the meritorious nature of the numerous evaluations of Classic Cotton, out of the time tested parentage of Levi and the Cotton Cow, that we have built a significant part of our program and the offering in this production sale around him.

By one year of age, his evaluations included:

Birth weight: 70 lbs.
205 day adj. wt.: 673 lbs.
342 day sonogram of ribeye: 17.1 sq. in.
1.46 sq. in./cwt.
.24 in. fat cover
365 day actual wt.: 1,285 lbs.

**SIRE OF 27 PACESETTER
DAUGHTERS AS OF 9/21/20**

His first purebred progeny as yearlings had the following ribeye sonogram average evaluations:

8 Bulls: 15.18 sq. in.
1.35 sq. in./cwt.
.16 in. fat cover
10 Heifers: 1.29 sq. in./cwt.
.12 in. fat cover

**SIRE OF 4 LOTS IN THIS SALE BEING:
27, 37, 67 and 68.**

I was so impressed with Classic Cotton as a young bull that I was determined to comprehensively evaluate him. While EPD's are widely accepted by the beef industry in evaluating cattle I don't believe there are any more meaningful evaluations than through progeny testing. Accordingly I went out and bought 50 very average F1 Braford cows, 25 very average Hereford cows, 25 very average Angus cows and 25 very average Limousin cows to use in progeny testing Classic Cotton. These breeds were selected because, other than the F1 Braford's, they had the largest registries in the industry at the time. All 125 of these cows were synchronized and bred A.I. to Classic Cotton and his purebred sons put on them after A.I. Progeny out of these matings were evaluated for several years in the Texas Ranch to Rail Program. Other tests of Classic Cotton purebred and crossbred progeny in tests conducted by Texas Tech and Texas A&M confirmed they grow rapidly and efficiently and have very acceptable carcasses. A random sampling of 50 Classic Cotton steers out of F1 Braford's and commercial Hereford, Angus and Limousin dams fed and evaluated in the 1995-1996 and the 1996-1997 Texas Ranch to Rail Program had average Warner Bratzler shear force evaluation scores of 5.7 lbs. and 5.2 lbs. respectively. Readings of 10 and under are considered acceptably tender for most retail over the counter trade and of 8 and under acceptably tender for consumption in better restaurants.

In a Texas A&M progeny evaluation project involving its test herd of Angus cows, semen from 15 prominent BBU sires was used. While doing well in all categories, the Classic Cotton progeny were number one in each yearling weight, ribeye area and tenderness substantiating their growth rate, muscularity and eating quality. A pen of 36 of our purebred Beefmaster steers including 26 Classic Cotton steers fed in the Nolan Ryan T.A.B. Program were harvested in August of 2001 and every one had a qualifying tenderness score and this entire group had one of the highest, if not the highest, percentage of overall qualifiers of any group within the approximately 70,000 head, at that time, fed in the Nolan Ryan T.A.B. Program.

Enough of his female progeny have been in breeding programs long enough to prove their reproductive merit. They constantly rise to the top in our program including 22 Pacesetter daughters as of 9/22/16 and many more granddaughters.

Classic Cotton is one of the breed's earliest and few Typesetter/Pacesetter bulls.

Raising cattle involves numerous risks you cannot control. Use of proven superior genetics is a means of reducing these risks. Classic Cotton is one of the most comprehensively evaluated bulls in the breed. His meritorious contributions to the breed have been established and are growing. Let him take much of the risk out of your breeding program.

CLASSIC COTTON SEMEN AVAILABLE DURING THIS SALE AT \$50.00 PER STRAW INCLUSIVE OF A.I. CERTIFICATES WITH A 10 STRAW MINIMUM PURCHASE. YOU MAY MAKE YOUR PURCHASES IN THE OFFICE BY SIGNING A CLIPBOARD OR BY TELLING ANY OF THE THREE SALE MANAGERS.

PSENCIK BEEFMASTERS

We would like to thank Bill and Dusty for inviting us back another year.

Psencik Beefmasters was established in 1987. We bought our first Beefmaster when we started as a hobby but our love for the breed grew into a business and we have loved every minute of it. Getting to know so many wonderful people we call "Beefmaster Family". In 2003 we entered two bred heifers in the San Antonio Rose Classic Sale and they both won Grand Champion and Reserve Champion. That was the most exciting moment for us. So much love and hard work had gone into it. We have won several awards since that day and we are working hard to do better every day.

We have been married 42 years and have two grown sons and two grandsons.

LOT 41 -- EXPOSED PAIR

NAME: ANS Ginger 57
BRAND: 57 **BREEDER:** Anderson Beefmasters
BBU NO.: C1086151 **BIRTH:** 3-14-17
COLOR: Red

I really like this young three-in-one/pair. Look at the pedigree and numbers in both of them. Plus, look close at the heifer at her side out of our Extra Tough, C 1093399 herd sire plus she's bred back the same way. Lifetime Member.

RICO BMW BEEFMASTERS

Billy and Marie Welkener have been raising registered Beefmaster cattle since 1979. Their ranches consist of 626 acres located in Bee and Karnes Counties Texas. Their BMW Beefmaster cattle operation consists of 90 head of open heifers, bred heifers, pairs and bulls.

We consigned the Grand Champion Bull at the 2012 South Texas Beefmaster Association's Rose Classic Sale held during the San Antonio Livestock Show, and in the 2012 Live Oak Beefmaster Association Fall Sale we consigned the 2 highest selling female lots, a testimony to Billy's breeding philosophies.

The Welkeners are Lifetime Members of BBU and participate in Whole Herd Reporting. In 2011 Billy and Marie were honored to receive the "BBU Member of the Year" award.

Billy and Marie are honored to be a part of the "Carr and Others Fall Sale" for the eighth year. Thanks to Bill and Dusty for including us in this sale.

Dark red heifer palpated to be bred 3 1/2 months to 7C Picante, C 1092623 on 8-19-21. Young but coming with her 2nd calf.

SIDDON'S BEEFMASTERS ARROWHEAD RANCH

Siddons Beefmasters was established in 1979. We started with 24 open heifers, 1 Bull, one horse, one trap, one 1100 acre pasture, one helpful neighbor, one rudimentary set of pens and one scale. A lot has changed in our operation, but the scale has always been our guide. Our entire program for over 30 years has been based on performance. We are the only participants in the annual McAllen Bull Gain test to have won in three consecutive years and this was accomplished with three entirely different pedigreed calves. We have also been honored with the 2005 BBU Environmental Award for our Stewardship of the land.

We have been honored with the STBBA Performance Breeder of the Year Award, First Place Graded Pair to the 2011 Fall Live Oak Sale, the Grand Champion Three-In-One in the Pair/Three-In-One Futurity, 2015, **and most recently the first Galveston heifer to sell was at side of the Grand Champion in the 2019 Live Oak Beefmaster Breeders Association Perfect Pair/Three-In-One Futurity.** Our philosophy has been that it takes pedigree to get to the Arrowhead Ranch, but it takes performance to remain at the Arrowhead.

Many thanks to Bill and Dusty for including us in their prestigious sale!

WITTENBURG BEEFMASTERS

HW

Wittenburg Beefmasters became a member of BBU in 1968 and in two years we became a Lifetime Member.

The ranch has a little over a thousand acres and we normally run 150 mother cows and retain 25 open heifers and 25 yearling bulls.

Our yearly rainfall is about 40 inches. We purchase all our hay and graze the whole ranch. The pastures are divided into 40 acre plots and are rotated as needed.

We still use Weights & Measures on our ranch.

It is with great honor to be in this sale with Bill and Dusty.

LOT 56 -- EXPOSED PAIR

HW BRAND: 568-7 BREEDER: Hilltop Ranch
 BBU NO.: C1091600 BIRTH: 1-26-17
 COLOR: Red

Lots of depth and meat in this Sugar Bear X Miss Dusty female. Her heifer calf at side has the same depth and meat and the cow is exposed back to our Kingston son, C 1105127. Lifetime Member.

HW **LOT 58 -- FIVE-IN-ONE**
BRAND: 211 **BREEDER:** Jim Colvin
BBU NO.: C1082241 **BIRTH:** 6-5-16
COLOR: Dark Red

These opportunities don't happen often where you can get a five-in-one. The pedigree is strong throughout and should make this hard to pass up. The cow is bred to our Kingston son, C 1105123 and the bred heifer is safe to our U 1/2 Bravado son, C 1116937. These calves are going to be amazing!

A very fancy Panhandle Dream heifer that is ready to breed to your bull. This heavy boned heifer is the kind that will raise a herd bull. Lifetime Member.

GWOSDZ BEEFMASTERS

After being raised around their family's farm and commercial cattle operation their entire life, brothers Tyler and Wesley Gwosdz very quickly discovered a love and passion for the same type of lifestyle. Because of this, Gwosdz Beefmasters was established in 2008.

Since that time, we have steadily grown our herd to our current inventory of 50 head. We do our best to stay at the forefront of the industry by extensively utilizing reproductive technologies such as IVF, ET, and AI in our program. We also strive to purchase herd bulls that we feel will complement our cow herd as well as make a positive impact on the breed as a whole. Our active herd sire battery includes CF High Tide, CF Brenham's Britches, and Knockout.

Throughout our years in the Beefmaster breed, we have met and become friends with countless remarkable people. We also have been blessed with many honors and awards. Some of our most notable awards include being named 2014 LOBBA New Member of the Year, 2014 STBBA New Member of the Year, and 2019 LOBBA Performance Breeder of the Year. We are also very grateful to have produced and sold the Grand Champion Female in the 2018 LOBBA Spring Sale, the Reserve Grand Champion Female in the 2020 Miss South Texas Buccaneer Classic Pageant, and, most recently, the Reserve Grand Champion Female in the 2021 Houston Futurity and Sale. None of these achievements would have been possible without the valuable lessons we have learned from our peers in this outstanding breed.

We are beyond honored and excited to be invited by Mr. and Mrs. Carr to be a part of their premier sale event. We are committed to bringing some of the absolute best we have produced.

2G Chocolate Oasis could well be the most complete and highest quality female that we have produced to date. She puts together a near perfect blend of femininity and maternal design with the added width and power that we absolutely love. Combine this with being a daughter of Tennessee Whiskey and Chocolate Sugar, one of the premier young donors in our program, and you have a true donor prospect. She has been left open to give you the opportunity to breed or flush her to the bull of your choice.

2G Sweet Essence is the epitome of the quality of female that we strive to produce. She not only represents an absolutely beautiful blend of femininity, class, and style but complements that with great length of body, extreme rib shape, and an extra shapely top and hip design. Couple this with being a daughter of Brock and Sweet Clementine, quite possibly the most exciting and promising female in our entire program, and you have an opportunity at a true donor prospect to build around. As icing on the cake, she sells 5 months bred to our newest herd sire, CF High Tide, C 1124581. Conceived 1st service on 5-21-21.

2G Knockout's Melody is a true power cow in the making. This female combines outstanding bone, ideal muscle shape, and extra dimension in a very powerful yet still balanced design. Add in being a direct daughter of Troubador and Knockout's Oasis, another young donor in our program that was one of the high selling heifers at this very sale a few years ago, and being safe in calf 6 months to CF High Tide, C1124581, and you have a front pasture female to build a program around. Conceived 1st service on 4-26-21.

2G Galveston Red Lady combines the femininity, smoothness, levelness of lines, and angularity that we love to see in our females. Combine these attributes with being a daughter of Galveston and Painted Lady, one of the most consistent females on our ranch who previously produced both the Grand Champion, High Selling Female in the 2018 LOBBA Spring Sale and the High Selling Female in the 2020 LOBBA Fall Sale, and you have a no-miss package. For even added value, she sells 8 months bred to CF High Tide, C 1124581, giving you an opportunity at one of the very first calves out of this future breed great. Conceived 1st service on 2-21-21.

The following lots 65 thru 93 are a new addition to this sale. Lots 65 thru 93 will sell in small groups of 2 or 3, in an E6 type portion of sale. Cattle listed as registered will have registration papers transferred to the buyer.

RANCHO DOS VIDAS

Lots 81 thru 83 are bred heifers, age 20 months. Out of registered Red Angus bulls X Beefmaster cows. Safe heavy in calf to Red Angus bulls.

These heifers are the same breeding that have won the San Antonio All Breed Sale several times and have been most popular in the National E6 Sale.

LOT 81 -- BRED HEIFER (8 months)

LOT 83 -- BRED HEIFER (7 months)

LOT 82 -- BRED HEIFER (8 months)

NOLAN RYAN RANCHES

All are wearing the Nolan Ryan brand and are out of Nolan Ryan dams. For many years Nolan has selected hard for all 6 essentials with emphasis on fertility and good udders. These heifers were born and developed on Buffel grass.

LOT 85 -- BRED HEIFER

Brand: 0/25. Safe in calf 4 1/2 months.

LOT 90 -- BRED HEIFER

Brand: 0/19. Safe in calf 75-80 days.

LOT 86 -- BRED HEIFER

Brand: 0/14. Safe in calf 4 1/2 months.

LOT 91 -- BRED HEIFER

Brand: 0/1. Safe in calf 4 months.

LOT 87 -- BRED HEIFER

Brand: 0/26. Safe in calf 4 months.

LOT 92 -- BRED HEIFER

Brand: 0/4. Safe in calf 4 months.

LOT 88 -- BRED HEIFER

Brand: 0/39. Safe in calf 70 days.

LOT 93 -- BRED HEIFER

Brand: 0/7. Safe in calf 4 1/2 months.

LOT 89 -- BRED HEIFER

Brand: 0/31. Safe in calf 90 days.

9 head of polled bred heifers (will sell in groups of 3).

The black heifers are out of 44 Ranch low birth weight Black Angus bulls X Beefmaster cows.

The red heifers are out of Beckton low birth weight Red Angus bulls X Beefmaster cows.

Bred to Beckton low birth weight Red Angus bull (4-15-21 thru 7-15-21).

Terms and Conditions

BIDDING: Each animal will be sold to the highest bidder without reserve.

BIDDING DISPUTE: The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

CASH SALE: All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

BUYER'S RISK AT THE TIME OF SALE: The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment.

CERTIFICATES OF REGISTRATION: A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within **45 days** following the later of either the date of sale or upon the receipt of full payment.

HEALTH GUARANTEES: Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

ANNOUNCEMENTS: If there is any inconsistency in information in terms of the sales materials (e.g. sale catalog, supplemental sheets, sale day announcements, 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

IDENTIFICATION RESPONSIBILITIES: 1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

ARTIFICIAL INSEMINATION (AI) CERTIFICATES AND EMBRYO TRANSFER (ET) BILLS OF SALE: AI certificates and ET bills of sale will be the responsibility of the seller.

CONFORMANCE WITH REGISTRATION GUARANTEES: 1) The seller guarantees that all sold animals are registered in accordance with the rules of BBU and 2) The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of BBU.

OFFICIAL BBU INFORMATION: All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

PEDIGREE, PERFORMANCE AND GENETIC INFORMATION GUARANTEES: The seller guarantees to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The absence in any sales materials of a specific designation on the pedigree of an animal does not establish that the animal in question is not a carrier of such genetic defect.

BREEDING GUARANTEES:

1) The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; (d) animals administered any super ovulation drug or growth hormone after purchase; and, (e) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

2) Bulls eighteen (18) months or older are guaranteed by the seller to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale.

3) If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after seller's notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. **Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.**

4) Females younger than twenty-four (24) months of age can be sold as open. Females sold as open are guaranteed by seller to be open. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side with no further fertility guarantee. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.

5) "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation). "Served" females are not guaranteed to be in calf. "Exposed" females have been exposed but are not guaranteed to be in calf. "Open" females are guaranteed by the seller to be without calf.

6) A Donor female (unless otherwise agreed by the buyer and the seller) is a female: (a) that has been used in an embryo transfer program and shall not be guaranteed to be a breeder after the date of the sale, (b) that is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.

7) The seller makes the following guarantees with respect to all "pregnant recipients": (a) that the female is pregnant, (b) that the resulting calf is of the pedigree represented, and (c) that the resulting calf is of the sex represented (if so represented).

FLUSHES AND TIME REQUIREMENTS: A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed by seller and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies paid by the buyer for such flush or pregnancies not delivered.

DISCLOSURE OF PRIOR PROCEDURES: The seller must disclose in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any single egg or super-ovulation flush of any female known to the seller.

SEMEN: Unless otherwise agreed by the buyer and the seller (with respect to the sale of semen), the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

EMBRYOS: Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

CLONES: Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell. Genetically modified animals shall not be eligible for registration and cannot sell. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. Any additional guarantees with respect to clones shall be by separate agreement between buyer and seller.

NO SEX GUARANTEES: There are no representations as to the sex of offspring unless the seller makes a specific guarantee that offspring will be of a particular sex.

DISCLOSURE OR RETENTION OF GENETIC MATERIALS: If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

PRIVILEGES OF RETURN OR ADJUSTMENT OPTIONS:

1) With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2) Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3) If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim. Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4) If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be in writing to the seller within 180 days of the sale of the animal in question.

5) If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller within 180 days of the birth of the calf.

6) If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. Seller is responsible for all transportation expenses.

7) If an animal is sold and subsequently becomes ineligible for registration under the rules of BBU for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

8) If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

9) If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

10) Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

GENETIC DEFECTS AND FACTORS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL:

1) In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by BBU) as a carrier of any genetic defect or genetic factor recognized by BBU.

2) The seller guarantees that a bred female will not produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.

MISCELLANEOUS:

1) The above terms and conditions of sale constitute a contract between the buyer and the seller and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2) Neither BBU nor any director, officer, employee or representative of BBU or any of its related entities shall be liable in any way with respect to a transaction conducted under these Suggested Sales Terms and Conditions; nor shall BBU, its directors, officers, employees or representatives be responsible in any way for enforcing the terms and conditions of any agreement between a buyer and a seller. Each buyer and seller agree to hold BBU, its directors, officers, employees, representatives and related entities harmless from all damages, expenses, claims, losses and other liabilities associated with a transaction conducted under these Sales Terms and Conditions.

3) No sponsor, sale manager, or other person connected with the management of a sale shall be liable in any way with respect to transactions conducted under these Sales Terms and Conditions.

4) These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale occurs, without giving effect to such state's choice of law rules.

5) UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF BEEFMASTER, BEEFMASTER ADVANCER, E6 OR UPGRADING CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.

APPLICATION FOR MEMBERSHIP
(NAME FRANCHISE & HOLDING BRAND CONTRACT)

Application is hereby made for membership in Beefmaster Breeders United (BBU) in the name of _____

Registered Account Name/Membership Name: _____

Mandatory Field. (NOTE: Membership Name is permanent; change is limited/restricted.) This is the name that determines your placement in the membership directory and this is used to sort memberships in alphabetical order by last name. This name prints on certificates.

This application is hereby made for a (Check One): **Lifetime** **Active** **Associate** (do not currently own cattle)
 Junior (under the age of 21 years as of January 1)

(Check one) This is a **Corporation** **Partnership** **Firm or Individual**

I (We) hereby make application for the **Prefix Name:** _____ ***Mandatory Field*** and will apply this Prefix Name, if accepted, to BEEFMASTER cattle of which I am (we are) the breeder and/or first owner. I (We) agree to notify BBU annually, with payment of dues, as to whether I am (we are) still breeding BEEFMASTERS and using this Prefix Name. If I (we) do not so notify BBU, I (we) authorize BBU to discontinue my (our) use of this Prefix Name. (does not apply to Lifetime)

A **Unique** name in the system. Many members use their ranch name (A C FARMS). You may choose to use your membership name. Both the Membership Name and Prefix Name will print on the certificates. This can be up to 25 characters long, including spaces and Prefix Name is permanent; change is limited/restricted.

I (We) will use the following Holding Brand: _____ (please sketch)

I (We) hereby authorize the following **Designated Signers:** _____ ***Mandatory Field*** to exercise all rights and privileges of this membership and, no person other than that named may act for this membership until the BBU Executive Vice President has been notified in writing that another name is being substituted for the above and receipt of notification has been acknowledged in writing. *You (member signing up) will be the primary signer. We recommend at least one other person to be listed. In the case you are not able to conduct business, the secondary signer would be able to. You may list a spouse, children, ranch manager, etc. Any Junior applicant **MUST** have parents/legal guardians listed as their designated signers.*

I (We) hereby authorize the following **Secondary Signers:** _____
These secondary signers cannot change membership, but can process work.

I (We), if elected to membership, agree to be governed by the By-Laws, Rules and Regulations of Beefmaster Breeders United, as amended from time to time, and hereby acknowledge receipt of the current By-Laws, Rules and Regulations.

I (We) hereby affirm the above and foregoing is true and correct to the best of my (our) knowledge and belief.
