Beefmaster Subasta February 9-11, 2023 Consignor/Buyer Instructions

Howdy, Consignors and Buyers.

We are excited to have you back or attending for the first time at the 2023 San Antonio Stock Show & Rodeo. Our show has grown tremendously over the past several years and has created a number of challenges related to traffic and parking. In order to make our best effort to serve you and the tens of thousands of other individuals who attend our show, we have had to make some adjustments to our arrival and parking procedures. Please see the following list that will explain in detail the process you will see at the 2023 Beefmaster Subasta. If you have any questions related to the traffic flow or parking, please contact Dr. Brian Faris or Morgan Thomas in the Competitive Events Office at 210-225-0575. For all Sale-related questions, please contact Anthony Mihalski at 210-415-0888 or Anthony Mihalski, Jr at 210-415-4530.

CONSIGNORS/BUYERS (Prior to Sale Day):

- ALL Consignors must go through the Salado Creek Property (SCP) and stage before coming to Grounds to unload cattle. Any trailers arriving directly at Gate E without going through SCP will be turned around and sent to SCP for staging.

•Consignors must arrive at the Salado Creek Property - SCP (Livestock Staging & Trailer Lot) on Thursday, February 9th between the hours of 8:00 a.m. and 2:00 p.m.

- Please load your trailer so that our volunteers may assist you with unloading feed/tack prior to unloading the cattle.
- Please be efficient in the time it takes to unload your trailers. We want to get everyone's cattle in the barn and settled as efficiently as possible.
- Once your cattle have been unloaded, you will be directed back to the SCP to park and unhook your trailer. You will access a QR code to create an electronic Trailer Release. If you are not the biggest fan of technology, one of our Special Sales volunteers will be happy to help you complete a Trailer Release.
- After you have dropped your trailer, you will then proceed back to Grounds and enter Parking through GATE G (GOLD GATE) and park in the GOLD LOT. You will be directed to a designated parking area until that area is full. We will make every effort to provide shuttle carts from the designated Parking Area to the Auction Barn.

BUYERS (on Sale Day):

- ALL Buyers pulling trailers must go to the Salado Creek Property (SCP) and park your trailer before coming to Grounds. You will access a QR code to create an electronic Trailer Release. If you are not the biggest fan of technology, one of our Special Sales volunteers will be happy to help you complete a Trailer Release.
- After you have dropped your trailer, you will then proceed back to Grounds and enter Parking through GATE G (GOLD GATE) and park in the GOLD LOT. You will be directed to a designated parking area until that area is full. We will make every effort to provide shuttle carts from the designated Parking Area to the Auction Barn.
- After the Sale, you may go back to SCP and pick up your trailer and return to Grounds. You will enter through Gate E (PURPLE GATE) and then be directed to the Auction Barn to load your cattle.

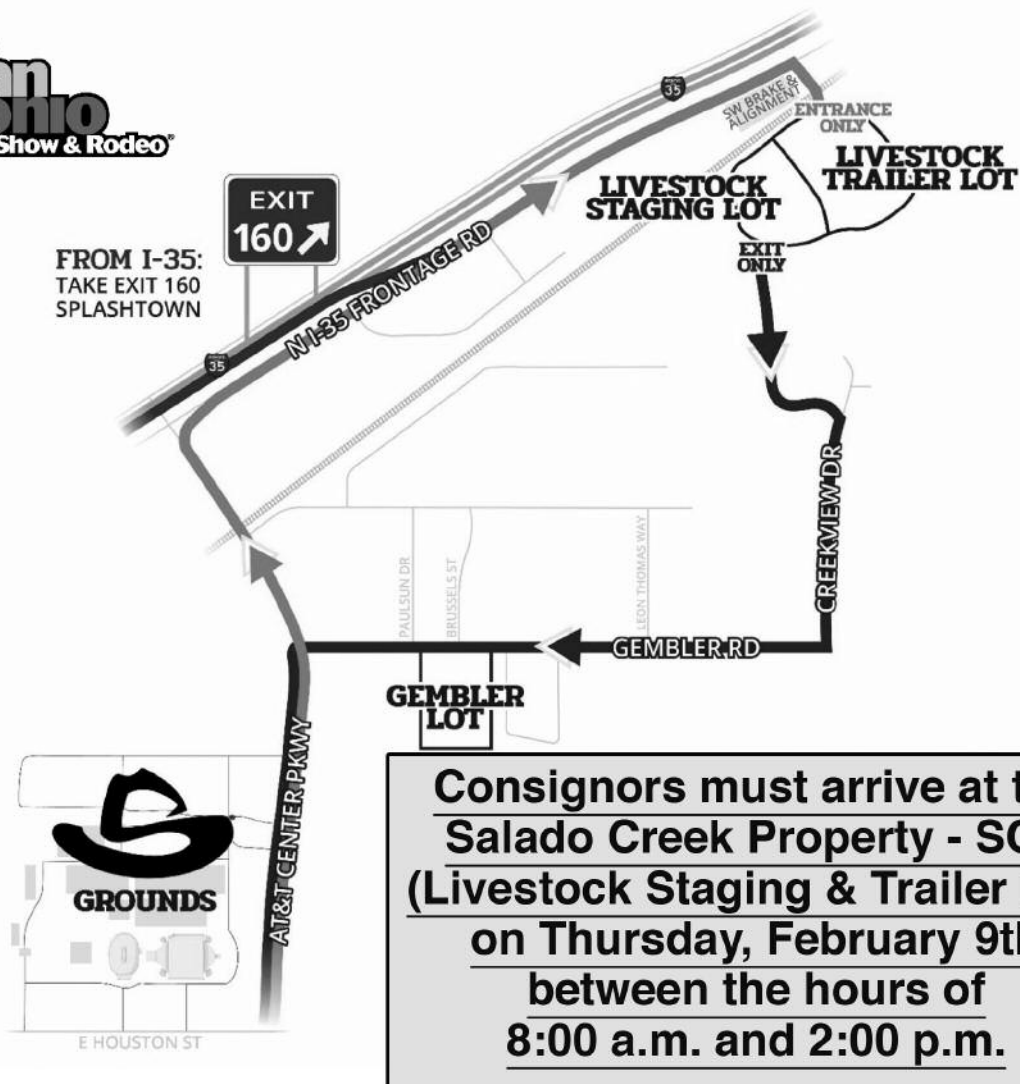

We are excited to host you at this year's San Antonio Stock Show & Rodeo. We hope the changes we have had to make create the least amount of inconvenience to you as possible. We will be hosting approximately 15,000 livestock show exhibitors and contestants to our Grounds this year. We look forward to a great 2023 event.

Brian R. Faris, PhD,
Competitive Events Director

Morgan Thomas,
Competitive Events Manager

Anthony Mihalski,
Sales Coordinator

2023 SAN ANTONIO STOCK SHOW & RODEO
Salado Creek Property - SCP (Livestock Staging & Trailer Lot)

ALL EXHIBITORS/CONSIGNORS MUST BRING THEIR LIVESTOCK THROUGH SALADO CREEK PROPERTY BEFORE GOING TO GROUNDS!

TO ENTER THE LIVESTOCK STAGING/TRAILER LOT known as the SALADO CREEK PROPERTY:

- Traveling N on I-35, Take Exit 160 "Splashtown". FOR EVERYONE'S SAFETY, DO NOT USE EXIT 161!
- Traveling S on I-35, Take Exit 160 "AT&T Center Pkwy" and use the turnaround to the northbound Access Rd.
- Turn RIGHT between S.W. Brake & Alignment and the Truck Accessory Outlet and proceed over 3 sets of ACTIVE railroad tracks into the lot. DO NOT start over tracks unless you are certain there is enough room to get truck and trailer completely over the tracks.
- Follow the directions of Security and Volunteer personnel.

TO EXIT SCP:

- Take Creekview Dr to Gembler Road, turn RIGHT on Gembler and LEFT on AT&T Center Parkway, then turn RIGHT into GROUNDS at GATE E (PURPLE GATE).
- Await unloading directions/instructions.

SALADO CREEK PROPERTY (SCP) INFORMATION

- SCP will be open twenty-four hours a day for your convenience.
- You must complete an ELECTRONIC TRAILER RELEASE to leave your trailer at SCP.
- No animals may be unloaded at the SCP at any time.
- Each vehicle must have a representative who remains at SCP at all times.
- No open flames or BBQ pits will be allowed at the SCP.
- Tack vehicles may accompany the Vehicle/Trailer hauling the livestock. It would be best if the Tack Vehicle travels ahead of the vehicle hauling the livestock to better assist with the unloading process.

If you have any questions, please contact the Competitive Events Office at 210-225-0575.

TERMS AND CONDITIONS

BIDDING: Each animal will be sold to the highest bidder without reserve.

BIDDING DISPUTE: The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

CASH SALE: All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

BUYER'S RISK AT THE TIME OF SALE: The risk of loss and injury of each animal passes to the buyer as soon as it is sold.

CERTIFICATES OF REGISTRATION: A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within **45 days** following the later of either the date of sale or upon the receipt of full payment.

HEALTH GUARANTEES: Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

ANNOUNCEMENTS: If there is any inconsistency in information in terms of the sales materials (e.g. sale catalog, supplemental sheets, sale day announcements, 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

IDENTIFICATION RESPONSIBILITIES: 1) Prior to the sale, **the seller must ensure** that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

ARTIFICIAL INSEMINATION (AI) CERTIFICATES AND EMBRYO TRANSFER (ET) BILLS OF SALE: AI certificates and ET bills of sale will be the responsibility of the seller.

CONFORMANCE WITH REGISTRATION GUARANTEES: 1) The seller guarantees that all sold animals are registered in accordance with the rules of BBU and 2) The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of BBU.

OFFICIAL BBU INFORMATION: All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

PEDIGREE, PERFORMANCE AND GENETIC INFORMATION GUARANTEES: **The seller guarantees** to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The absence in any sales materials of a specific designation on the pedigree of an animal does not establish that the animal in question is not a carrier of such genetic defect.

BREEDING GUARANTEES:

1) The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; (d) animals administered any super ovulation drug or growth hormone after purchase; and, (e) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

2) Bulls eighteen (18) months or older are guaranteed by the seller to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale.

3) If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after seller's notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.

*** * Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.**

DISCLOSURE OR RETENTION OF GENETIC MATERIALS: If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

PRIVILEGES OF RETURN OR ADJUSTMENT OPTIONS:

1) With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2) Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3) If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim. Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4) If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be in writing to the seller within 180 days of the sale of the animal in question.

5) If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller within 180 days of the birth of the calf.

6) If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. Seller is responsible for all transportation expenses.

7) If an animal is sold and subsequently becomes ineligible for registration under the rules of BBU for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

8) If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

9) If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

10) Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

GENETIC DEFECTS AND FACTORS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL:

1) In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by BBU) as a carrier of any genetic defect or genetic factor recognized by BBU.

2) The seller guarantees that a bred female will not produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.

MISCELLANEOUS:

1) The above terms and conditions of sale constitute a contract between the buyer and the seller and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2) Neither BBU nor any director, officer, employee or representative of BBU or any of its related entities shall be liable in any way with respect to a transaction conducted under these Suggested Sales Terms and Conditions; nor shall BBU, its directors, officers, employees or representatives be responsible in any way for enforcing the terms and conditions of any agreement between a buyer and a seller. Each buyer and seller agree to hold BBU, its directors, officers, employees, representatives and related entities harmless from all damages, expenses, claims, losses and other liabilities associated with a transaction conducted under these Sales Terms and Conditions.

3) No sponsor, sale manager, or other person connected with the management of a sale shall be liable in any way with respect to transactions conducted under these Sales Terms and Conditions.

4) These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale occurs, without giving effect to such state's choice of law rules.

5) UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF BEEFMASTER, BEEFMASTER ADVANCER, E6 OR UPGRADING CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.

**When it's a labor
of love, it isn't "work."**

At Capital Farm Credit, we do things differently. We're a cooperative - that means we're owned by the same ranchers, farmers and agribusinesses we serve. Whether you're looking for operating capital, a beginning rancher loan or need help navigating a rural land purchase, your goals are our goals. And our patronage dividend program means we share our profits and put money back in your pocket.

Together we're better.
Partnership that really pays.

I don't think I can make them much better than this three-in-one package. Look at this cow - she has it all. Fantastic udder on her with clean, long lines and muscle. She has a bull calf on her side that I think will make someone a herd sire. Look at the length, bone and muscle in this bull calf. Plus, look at the pedigree in both of these animals. As a bonus she is bred back to our new herd sire, C 1128237 out of Bullet Proof and the Hot N Fun cow. He has an REA of 14.55 and IMF of 3.45. This will make a very good calf in her belly. Lifetime Member.

HB Full House is a young bull that we are extremely excited to offer this year. We think he has all of the tools needed to be a successful part of your breeding program for years to come. He is solid red, offering solid bone and good length. When you couple those traits with his predictable genetics, it is easy to see that this Spartacus son brings a lot to the table. He has been built to perform and we are confident that he will perform for you.
